EDITOR'S LETTER

NOVY OCHAG — a responsible media for adult women that makes their lives better: more qualitative, more interesting and safer. Our women are of different ages, hobbies, and professions. They are united by one thing: they all manage their lives and take care not only of themselves, but also of their "ochag" (hearth and home) — children, partners, pets and parents. We help them in this — give expertise, warmth, inspiration and all the support at any situations.

NATALIA RODIKOVA,
Editor-in-chief

EDITORIAL PLAN 2024

SPRING 2024: CHANGE THE PICTURE

At the beginning of spring, everything wanted to be transformed. It has become brighter, more colorful, more positive! We suggest changing the picture — to look at familiar things with a new angle, and to change something radically. And we tell you how to do it with maximum effect. Inspiring stories, life hacks, transformations, career growths — and things that help us in this. A "clean" issue — clean the house and life for something new.

SPECIAL EDITION 2024: IN MOTION

A woman's life in different speeds and spaces. One of the central themes is the history of women behind the wheel—how we have mastered cars and roads, and how cars have changed our lives and continue to change our lives now — in everyday life, in travel, in fashion, and so on. Women and technology (not only cars), women and outdoor activities, women and sports. Exploring Russia by different vehicles + stories of women from different regions.

SUMMER 2024: FLY IN TO THE SUMMER!

Stop rocking out, summer is in full swing. Anything else you can do over the summer — you need to do it. 100 ideas and life hacks — for vacation and for health, for remodeling in the garden and at home, for buying country real estate and so on. The start of the special project "Staying up late" — about how women get out of maternity leave: education, career scenarios, stories from life, and a real-life storytelling website (reference — 10 brave ones).

EDITORIAL PLAN 2024

AUTUMN 2024: EVERYONE IS WARM

A support number, an anti-stress number, an investment number. The chief editors on duty are psychologists who help us look at life with optimism and see our best horizons. Stories about what supports us and what we invest in: friendship (stories of girlfriends -including business cases, a business we founded together), love, our home, our health, beauty, things that surround us.

THE RELEASE OF EACH ISSUE IS THE START OF A RELATED SPECIAL PROJECT ON THE DIGITAL PLATFORM OF THE NOVY OCHAG
